

Why Order Your Glasses From Us?

Quality You Can See. Service You Can Trust.

When you choose to order your glasses through our practice, you're getting more than just eyewear—you're receiving expert care, premium products, and long-term support for your vision.

Your Protection & Peace of Mind

Premium Lens Protection

Our premium coated prescription lenses include a **one-year scratch warranty**. If your lenses become scratched within the first year, we will replace them **at no charge**.

Frame Warranty Coverage

All new frames include a **one-year warranty** against manufacturer defects and minor accidents. If your frame breaks, we'll replace it for a **\$25 copayment**.

Important Warranty Information

- Warranty does not cover lost or stolen glasses, or damage caused by pets
- Damage from obvious misuse may not be covered
- Applying glue or attempting repairs will void the manufacturer warranty

Complimentary Adjustments & Maintenance

We provide **lifetime frame adjustments and nose pad replacements at no charge for frames purchased from us**—keeping your glasses comfortable and fitting perfectly.

The Difference of Professional Care

Expert Optical Guidance

Our trained team helps you choose the right lenses, coatings, and frames for your prescription, lifestyle, and comfort—so you get the best vision possible.

Prescription Accuracy & Custom Fit

We take precise measurements (including pupillary distance and optical alignment) to ensure your lenses are made accurately and your glasses fit perfectly.

High-Quality Lens Technology

We use premium labs and lens materials for better clarity, durability, and performance compared to many online options.

Easy Remakes & Troubleshooting

If something doesn't feel right, we'll work with you to resolve it—whether that's adjustments or lens remakes for non-adaptation (within a reasonable time frame).

We're committed to providing eyewear you can rely on—backed by service you can trust.
